THIS EASY CARE, PRIME LAMB BREED ADAPTS WELL TO TOUGH CONDITIONS AND A QUICK GROWTH RATE MAKES THEM WELL SUITED TO MEAT PRODUCERS.

At Kolindale our aim is to breed a large, long White Suffolk ram with meat through the loin and the back-end. This easy care, prime lamb breed adapts well to tough conditions and a quick growth rate makes them well suited to meat producers by providing the opportunity to turn lambs off quicker. These rams are well suited to breed with Merino ewes as they are an easy lambing type.

Kolindale has an extensive artificial insemination program which sources the best genetics to ensure our clients have a large selection of even rams available for their commercial flock breeding needs.

WHITE SUFFOLKS

2017 ON FARM RAM SALE, DUDININ.

2017 saw the addition of the Royal Adelaide Show Supreme White Suffolk ram purchased for \$17,000 from Ramsay Park Stud, Minlaton SA. This May 2016 drop ram weighed 131kgs, with 15-millimetre fat depth and 48mm eye muscle depth.

In 2016 a White Suffolk sire was purchased from Booloola White Suffolk Stud for \$7,000 and has been used for the AI of 100 ewes and singly mated.

This twin, born July 2015, had a weight of 138kg and measured 52mm eye muscle on the 1st of August 2016. Semen was purchased for the AI of a further 100 ewes from Anden Stud sale topper White Suffolk ram, Cruiser 277, sold in 2016 for \$68,000.

In 2015 a total of three new White Suffolk sires were purchased at the Perth Royal Show All Breeds Stud Ram and Ewe Sale, including the 2015 Grand Champion White

Suffolk. This impressive ram, purchased for \$18,500 from Kiara White Suffolk Stud, has been used in our AI program across 160 top ewes.

HISTORY

The highly awarded Yanda White Suffolk stud was purchased from the Argent family in 2015. The stud was founded in 1997 and has become one of Western Australia's largest White Suffolk studs throughout the years.
